## Mission

Our mission is to design and deliver skills and knowledge-based training programmes that support learners' professional development, enhancing their opportunities to progress their careers and add value to the organisations where they are employed.

## Core Values of the Organisation

Our core values reflect the sector we work in, where we appreciate the trust our client's place on us to help them achieve a workplace that reflects honesty, teamwork, openness and a belief that we all can make a difference when it comes to providing a safe, healthy working environment which benefits everyone.

## Training Aims

- Provide the very best learner-centred service possible, ensuring excellence, professionalism, flexibility and value for money throughout our engagement with clients.
- Enhance the skills and capabilities of individual learners and our client companies.
- Ensure our programmes are available and accessible throughout the country.
- Provide targeted training, where needed to drive skills development that meet the evolving needs of our client groups.
- Provide staff members with opportunities for continued professional development and career progression.
- Achieve steady growth in revenue and profit.
- Promote best practice regarding safety and working conditions.
- Value the learning from review of all programmes delivered.
